

Project 4 Team Contract

Expected level of achievement and effort for each team member

- We would all like an A, but know that we are busy and will be okay with a B

Personal goals for each team member

Team Goals

- Solidify learning thus far
- Create something usable/ desirable to use
- Very well executed manageable scope
- Positive team work

Lauren

- Create a web app that users would be excited to use

Emma

- Looking for good team project

Kharis

- Use varying technologies (jQuery, MongoDB, etc.) in our project.

Andre

Frequency, length and location of team meetings

- Mondays: Team check-in (.5 hours) - stata
- Fridays: Long Team Meeting/Work session (2.5 hours) -course 6 UG lounge
- If a team member is unable to be there, notes will be taken and they will make an effort (if possible) to join via hangout

How quality of work will be maintained

- We will use code reviews
- Seek help and reviews from our mentors
- Seek help from each other
- Utilize our group work sessions and schedule more if necessary
- Demo the app as often as possible
- Unit test
- Will use robust commenting
- Will use javascript standard notation

How tasks will be assigned, and what to do if deadlines are missed

- Tasks will be assigned at group meetings by features
- If deadlines are missed we will make a group effort to finish it together

- We will set internal deadlines a day before internal deadlines in case something goes wrong
- If someone misses a deadline, they bring snacks to the next group meeting

How decisions will be made and disagreements resolved

- Decisions will be made after discussion as a group.
- Disagreements will be resolved by discussing pros/cons and then voting is consensus is not reached (in the event of a tie, the feature owner will break the tie).
